

Getting CONNECTED

Life at Burlington involves **CELEBRATION** (the Sunday gathering) and **COMMUNITY** (growing in a network of relationships).

There are many opportunities at Burlington to belong in community:

Missional Communities

A missional community is an extended family on mission together. It's a shared-life community that connects with God, is intentional about its discipleship and shares in a common mission.

Small Groups

A small group meets regularly to build friendship. It is a group that seeks to learn to put into action the teaching we have heard on a Sunday, and provide opportunity for prayer and encouragement in our walk with God.

Other places to belong

There are many other relational networks too. These include gatherings for prayer, teaching, friendship and much more.

How do I get connected?

We'd love to help you get connected. We believe in **personal introductions** and a tailored approach. Please meet one of the team in the Welcome Area (right of the platform) after a Sunday celebration and they will be delighted to help you. Alternatively contact Katie Faux who will arrange a personal conversation with one of the team at your convenience.
